

# BETTER STATIONS.

BART is seeking **your input** on the future of our escalators and entrances at **Powell and Civic Center stations**.

We are considering changes to make your BART experience more comfortable. We know that signage, escalator performance, and lighting are issues. We are also considering safety, sustainability, usability, appearance, and the overall customer experience at the station entrances.

Please let us know which improvements are important to you by coming by our in-station events or filling out a survey online at [www.bart.gov/sfentrances](http://www.bart.gov/sfentrances).
